

The firm

ExSolution Consultancy FZE is a UAE advisory firm established in 2013 and registered in Sharjah. The firm has delivered more than 500 engagements of varying scope across the UAE and GCC, spanning audit and assurance assignments, excellence and performance programmes, and the management system implementations that anchor them, from focused assignments to multi-year, multi-entity programmes. The firm advises and supports implementation; certification is issued by independent accredited bodies.

Delivery model

Engagement Lead

Owns the engagement end to end.
Named at proposal stage.

Specialist practitioners

Configured to the scope: lean for focused work, broader for programmes.

Second Senior Quality Reviewer

Where assigned, a second senior practitioner not involved in day-to-day delivery reviews the work before it reaches you.

THE EXPERTISE PROPOSED IS THE EXPERTISE THAT DELIVERS · EVERY ENGAGEMENT IS DESIGNED FOR CAPABILITY TRANSFER

Practice areas

Specialised practices

Quality and confidentiality

Deliverables pass senior quality review before release. Client confidentiality is standing practice: engagements are described publicly without names, and named experience relevant to a requirement is disclosed at proposal stage where clients have permitted it. Representative experience and a mutual NDA are available on request.
